Rt. 10  
Jennings Lodge, Oregon

Dear Mr. Finley:

The State Planning Board at meeting October 18th considered a letter dated October 1, 1935, addressed to Mr. C. J. Buck, vice-chairman of the Board, from Mr. Francis Lambert, Secretary of the Oregon Council of the Isaac Walton League of America, together with copy of resolution passed at the seventh annual convention of the Isaac Walton League, July 19-21, 1935.

Before taking any action on this matter the Board requested me to transmit copy of Mr. Lambert's letter and the resolution to you for investigation and report by you and Advisory Committee on Wild Life. Accordingly, copy of Mr. Lambert's letter and the resolution are enclosed. I am also enclosing copy of my letter of today to Mr. Francis Lambert.

The next meeting of the State Planning Board will be held about November 15th and it will be appreciated if at that time your report on this matter could be presented to the Board.

Personally, I do not know of any agency other than the U. S. Biological Survey which has any funds for constructing the improvements requested in the enclosed resolution but it may be that you know of some way in which the recommendation of the Isaac Walton League might be put into effect if you agree that they are necessary and desirable.

If I can be of any assistance to you in this matter please let me know.

Very truly yours,

V. B. Stanbery  
Executive Secretary

Dear Mr. Buck:

I am enclosing a copy of the resolutions passed by the Oregon State Council, Isaac Walton League of America, at their recent convention and call your attention particularly to resolution number three, regarding wild fowl areas at Wapato Lake and in the region of the Long Tom River. We feel that this resolution is one of the most important conservation moves that could be accomplished.

Anything you can do to further this project will constitute, I believe, a great service to the future of Oregon's wild life.

Yours very truly,
