Dear Sir:

I saw a brief report of a lecture delivered by you at Seattle before the Nat. Conservation Congress on "Birds' Work in Conservation" last August. I should like very much to obtain a copy of the lecture if that is feasible, or if not a fuller report which very likely the local (Seattle or Portland) papers may have printed. Our Assn. has been doing a good deal for bird-preservation and our officers are deeply impressed with the importance continued labor in that line and I assure you we shall feel under great obligations for any ammunition you may be able to ~~enable~~ furnish us. I was so fortunate as to hear you lecture in Cambridge I think about five years ago, and should you happen to

be in our State again at any  
time I hope our officers  
and members may have the  
pleasure of meeting you.

I enclose a copy of  
our last annual report.

Yours very truly,  
Henry H. Kimball,  
Secy.
