Douglas County Planning Commission

Subject: County Planning Commission meetings.
WP 400-(5)-A

Dear Mr. Harding:

Acknowledgment is made of the following papers: copy of minutes meeting April 26, 1936; resolution regarding recreation; copy of letter from Roseburg Rod and Gun Club.

In reviewing these minutes it is very apparent that your county planning commission is functioning very well. We are very glad to note this and particularly the reference made regarding the county court of Douglas County writing a letter of approval to the State Planning Board for the assistance being given to the Douglas County Planning Commission and the Douglas County Court. This letter has been received and is appreciated.

A copy of your resolution on the recreation problem in Douglas County will be given members of our wild life and recreation committee. After thorough consideration has been given this you will be advised as to what steps the State Planning Board wishes to take.

It is our understanding that any project which would require WPA participation and funds must be sponsored by a legally authorized body such as the county court or other similar agencies. We can see no reason why the development of a public camp ground should not come within the WPA requirements if it is properly sponsored.

We are sure the mineral survey being made in Douglas County with the assistance of the WPA project will progress and we would be pleased from time to time to be advised regarding this.

Sincerely yours,

V. B. Stanbery
