SALEM

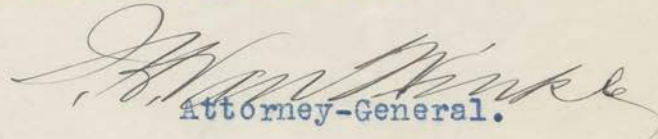

May 20th, 1926.

Mr. William L. Finley,
State Game Commissioner,
Jennings Lodge, Oregon.

Dear Mr. Finley:

I have your letter of the 18th instant respecting the matter of pollution of the Willamette River by sewage, which matter is receiving particular attention at this time by the State Game Commission, the State Board of Health, and other public and private bodies, and answering would say that we are gathering the necessary data upon this matter and have been promised memoranda by attorneys representing the different organizations, which we are now awaiting, and as soon as we have completed this preparation and determined so far as we are able the position of the state it is our intention to act in accordance therewith.

Very respectfully yours,

Attorney-General.
