To provide wholesome recreation to the many thousands of Nature lovers in an historical and natural setting that overflows with the nature beauty in its natural state.

To provide a fitting memorial to the early American Indian who inhabited this district, and in some measure to atone for our forefathers' mistreatment of the "Red Men".

To provide out door construction and training to the unemployed youth of York County, working in the out-of-doors, in healthy surroundings, educating them with historical interests in their own county, and with the understanding that the fruits of their labor will be enjoyed by thousands of Nature lovers each year.
