TUESDAY'S ROTARY MEETING

January 16, 1934 - 12:15 P.M. - At the M.A.C.

SPEAKER: WILLIAM L. FINLEY.

SUBJECT: "Cruising in Alaska."

A most interesting and unusual travel lecture, illustrated by motion pictures, is in store for us for this meeting.

Mr. Finley is a nationally known naturalist, author and a most successful photographer of wild animal life. He also has that rare faculty which enables him to take his audience places and make them see unusual things worth seeing and, at the same time, tell about them in an unusually entertaining way.

We are guaranteed a rare treat both in entertainment and education for Tuesday.

Milwaukee Rotarians and Rotary Anns will be host to International President John Nelson and the other Clubs in the Thirteenth District on
