Dear Mr. Parsons: *Finley, Chairman
Committee on Wild Life*

Have just returned from my eastern trip and find a letter of January 21st from you which was not forwarded to me. Shall be very glad to have Dr. Charles Wilson as a member of our Committee on Wildlife.

Dear Mr. Finley:
As I have been in the East for two months, have not been able to keep in touch with what you have been doing. Was sorry I missed the Spokane meeting. Should like to have heard the discussion regarding the use of the Columbia River for power and development. I am concerned about the salmon runs being destroyed. Do you know whether there was any sanction to building any more dams on the Columbia River?

If you wish me to do so, I will be glad to appoint him as a member of your committee on Wild Life.

Sincerely yours.

Yours sincerely,

Phil A. Parsons
